With a number of theatres full of Costa Rican culture, museums that include the largest collection of American jade in the world, and streets full of bright murals and painted buses, San Jose is an eclectic city waiting to be experienced.

In Costa Rica's remote northeast, Tortuguero is accessible only by small plane or boat through its famous canals. Designated a national park in 1975, it boasts rich biodiversity, especially as a crucial nesting site for green turtles in the western Caribbean.
